2019

OPHRDC

Ontario Physician Human Resources Data Centre

The Ontario Physician Human Resources Data Centre (OPHRDC) is a cooperative project of the Ontario Ministry of Health and Long-Term Care, the Council of Ontario Faculties of Medicine, the College of Physicians and Surgeons of Ontario, and the Ontario Medical Association, and has been in operation at McMaster University since April 1992.

This report has been prepared by the OPHRDC using data submitted by the six Ontario medical schools. The schools are solely responsible for verification of the data they submit. Although every effort has been made to eliminate errors and verify information, OPHRDC cannot accept responsibility for any errors that remain. Permission to reproduce extracts for any academic, scholarly or public purpose is hereby granted provided that no reconfiguration or alteration in the form or presentation of the information and data is made, and acknowledgement of OPHRDC as source is given. All other rights reserved. Except as aforesaid, no part of this publication may be copied, reproduced, transmitted, recorded or stored in a retrieval system of any nature without the written permission of OPHRDC, application for which should be addressed to:

ACKNOWLEDGEMENTS

We would like to express our thanks to the many people who have enabled OPHRDC to produce this report. We appreciate the help of all the postgraduate office administrators, staffs and deans at each of the six Ontario medical schools, whose cooperation has helped OPHRDC produce a valuable information resource in the Postgraduate Registry.

We extend our appreciation to Ms. Kathleen Clements whose perseverance in the initial development of this project has helped to make this report possible.

We would also like to acknowledge the Canadian Postgraduate Education Registry (CAPER), the Ontario Ministry of Health and Long-Term Care (MoH) Health Planning Branch and the Council of Ontario Universities (COU) for their assistance and support.

INTRODUCTION TO ONTARIO POSTGRADUATE MEDICAL TRAINEE STATISTICS

OPHRDC has managed the central registry of postgraduate medical trainee data since August 3, 1993. Reports, including those in this Postgraduate Medical Trainees in Ontario report, are prepared from a point census taken annually on November 1. The OPHRDC also submits data from this census to the Canadian Postgraduate Education Registry (CAPER) on behalf of the Ontario schools.

Data transfer occurs via the Internet, from the postgraduate education offices of the six Ontario medical schools to OPHRDC's secure web portal.

The six Ontario medical schools are:
McMaster University
Northern Ontario School of Medicine
University of Ottawa
Queen's University
University of Toronto
Western University

This is a public report made available on the OPHRDC website.

OPHRDC will omit from any public reports counts which may reveal personally identifiable information. When this occurs, the public report will not contain exactly the same counts provided to OPHRDC partners authorized by data agreements. In most cases where OPHRDC has elected to remove data the numbers concerned will be small.

POINT CENSUS VS. FULL-TIME EQUIVALENT DATA

All tables in this report were compiled using the November 1, 2019 point census data, and include only those trainees physically present in a training program on November 1, 2019. Trainees on any kind of leave (e.g. maternity or parental leave, sick leave, leave of absence, etc.) on November 1, 2019 are excluded from the count.

As of 2017, the full-time equivalent data will not be included as part of this report. If you would like to receive this data, please complete the data request form found on our website at <http://www.ophrdc.org/contact-us/>.

Part 3 includes point census data for the complement of ReEntry, Repatriation and International Medical Graduate (IMG) trainees.

SOURCE OF FUNDING

Many of the reports categorize trainees by general funding source (CEB or non-CEB) or by pool (A-E). CEB refers to those trainees funded through the Clinical Education Budget of the MoHLTC.

Change Summary

The following chart summarizes the net change in enrolment counts between the **2018** and **2019** reports, based on funding source:

Changes by School and Source of Funding

University	Point Census (2019 minus 2018)		
	CEB Funded	Non-CEB Funded	Total
McMaster	+ 12	+ 15	+ 27
NOSM	- 12	- 2	- 14
Ottawa	+ 2	- 11	- 9
Queen's	+ 2	+4	+ 6
Toronto	+ 31	-11	+ 20
Western	- 1	-3	- 4
Grand Total	+ 34	+ 84	+ 26

POOLS

The pools framework has been cooperatively designed by the MoHLTC and COU based on various criteria including legal status and source of funding, in order to describe the “normal” routes of entry for residents and fellows into postgraduate training, and the output of physicians into practice in Ontario. In very general terms, the five categories in the Pools Framework can be summarized as:

RESIDENTS			FELLOWS	
Pool A	CMG	Canadian PG resident output	Pool D	Post-certification training for Pool A+B
Pool B	IMG (Canadian)	Canadian PG resident output		
Pool C	IMG (Visa)		Pool E	Post-certification training for Pool C and other non-Canadian MDs

SOURCE: The Pools Framework published December 20, 2013

Additional details can be found in the Pools Classification Framework on the facing page, or further information is available from OPHRDC upon request.

Change Summary

The following chart summarizes the net change in enrolment counts between the **2018** and **2019** reports, based on pools:

Changes by Pool

Pool	Point Census (2019 minus 2018)
A	+ 67
B	- 38
C	+ 31
D	- 16
E	- 18
Total	+ 26

THE POOLS CLASSIFICATION FRAMEWORK

POOL Classifications for Residents

A	Source M.D.	Medical schools accredited by the LCME (includes all Canadian and many U.S. medical schools)
	Legal Status	Canadian Citizen, Permanent Resident/Landed Immigrant
	Funding Group	1, 2 (only PGY2 or higher), 3 (usually PGY2 or higher – PGY1 acceptable for MOTP or other province/territory) or 4 (only PGY2 or higher)
	Training Level	PGY or Resident
B	Source M.D.	not LCME accredited
	Legal Status	Canadian Citizen or Permanent Resident/Landed Immigrant
	Funding Group	1, 2 (only PGY2 or higher), 3 (usually PGY2 or higher – PGY1 acceptable for MOTP or other province/territory) or 4 (only PGY2 or higher)
	Training Level	PGY or Resident
C	Source M.D.	not LCME accredited
	Legal Status	Employment Visa
	Funding Group	4
	Training Level	PGY or Resident

POOL Classifications for Fellows

D	Source M.D.	LCME and non LCME
	Legal Status	Canadian Citizen or Permanent Resident/Landed Immigrant (also Employment Visa if U.S. Citizen)
	Funding Group	not 1
	Training Level	Fellow
E	Source M.D.	LCME and non LCME
	Legal Status	Employment Visa
	Funding Group	not 1
	Training Level	Fellow

Following an extensive review of funding sources assigned to individual trainees, it was possible to assign each of these to one of the five defined funding groups as follows:

Group 1	Clinical Education Budget/Ontario Ministry of Health funding
Group 2	Other (non-CEB) Ontario Government Funding
Group 3	Provincial/National Government/Agency Sponsorship, Institutions and Charitable Organizations
Group 4	Foreign Funding Source
Group 5	Fellowship Funding; including Private/Corporate Sponsorship and Clinical Earnings

TRAINING LEVEL

Trainees in this report fall into one of two categories: PGY or Fellow. Referred to as residents elsewhere in Canada, Ontario adopted 'Postgraduate Year' (PGY) terminology beginning in 1993. This terminology is used throughout the report. Fellows are listed as such where applicable.

Change Summary

The following chart summarizes the net change in enrolment counts between the **2018** and **2019** reports, based on training level. Please note that no comparison for Full-Time Equivalent is given due to FTE no longer included in these reports:

Changes by Training Group

Training Level	Point Census (2019 minus 2018)
PGY-1 only	- 25
All Residents	+ 60
Fellowships	- 34
Total	+ 26

TRAINING PROGRAM

The programs listed in the main tables of this report are those accredited by the Royal College of Physicians and Surgeons of Canada (RCPSC) and the College of Family Physicians of Canada (CFPC). All pediatric subspecialties, and programs of accreditation without certification offered in Ontario are considered to be program subcategories. They are grouped under and included with the numbers attributed to the accredited programs.

These program subcategories are detailed in the following Details of Program Inclusions tables.

PART 1

Reports on the Complement of Postgraduate Medical Trainees in Ontario

**POINT CENSUS
November 1, 2019**

PART 1

INTRODUCTION TO ONTARIO POSTGRADUATE MEDICAL TRAINEE POINT CENSUS STATISTICS

The data presented in this section details the postgraduate medical trainee complement in Ontario as of the annual census date of November 1.

Only those trainees physically present in a training program on November 1 are counted. Trainees on any kind of leave (e.g. maternity or parental leave, sick leave, leave of absence, etc.) on November 1 are excluded from the count.

Table 1.00 Postgraduate Medical Trainees in Ontario by Level of Training, Pool, University and Source of Funding

Note: Re-entry, Repatriation and International Medical Graduate (IMG) trainees are included in these tables - see Part 3 for details

PART 2

Please note that as of 2017, Part 2 containing the Full-Time Equivalent (FTE) Statistics will no longer be included in this report.

If you would like FTE information, please request this by completing the data request form on our website at <http://www.ophrdc.org/contact-us/>.

PART 3

Reports on the Complement of ReEntry, Repatriation and International Medical Graduate Trainees in Ontario

NOVEMBER 1, 2019 POINT CENSUS

PART 3A

ONTARIO POSTGRADUATE MEDICAL TRAINEE REENTRY STATISTICS

INTRODUCTION:

The ReEntry program allows limited numbers of Canadian graduates to re-enter the postgraduate system in order to further their training. Graduates from the ReEntry program provide service in underserviced areas of the province for a designated time following completion of their training.

The data presented in this section detail the enrolment of ReEntry trainees in Ontario medical schools. The reports are produced for the November 1, 2019 point census. Reports are no longer included for the full-time equivalent enrolments of these trainees over the 2019 / 2020 academic year. If you would like these reports, please submit the form found on our website at <http://www.ophrdc.org/contact-us/>. The methodology used in Part 3 is the same as for Part 1.

PART 3B

ONTARIO POSTGRADUATE MEDICAL TRAINEE REPATRIATION STATISTICS

INTRODUCTION:

The Repatriation program offers additional years of training for Canadian graduates who have completed their U.S. postgraduate training and require additional training to meet Canadian certification requirements.

The data presented in this section detail the enrolment of Repatriation trainees in Ontario medical schools. Reports are produced for the November 1, 2019 point census. The full-time equivalent enrolments of these trainees over the 2019/2020 academic year will no longer be included as part of this report. If you would like FTE information, please request this by completing the data request form on our website at <http://www.ophrdc.org/contact-us/>. The methodology used in Part 3 is the same as for Parts 1 and 2.

PART 3C

ONTARIO POSTGRADUATE MEDICAL TRAINEE INTERNATIONAL MEDICAL GRADUATE (IMG) STATISTICS

INTRODUCTION:

The data presented in this section detail the enrolment of IMG trainees in Ontario medical schools. Reports are produced for the November 1, 2019 point census. The full-time equivalent enrolments of these IMG trainees over the 2019 / 2020 academic year are not included in these reports. If you would like FTE information, please submit the form found on our website at <http://www.ophrdc.org/contact-us/>. The methodology used in Part 3 is the same as for Parts 1 and 2.

The **Touchstone** program provides access to professional practice in Ontario for IMGs who meet the Ontario regulatory requirements. Details of IMG competency evaluation can be found on the Touchstone Institute website <http://www.touchstoneinstitute.ca/>, formerly the Centre for the Evaluation of Health Professionals Educated Abroad (CEHPEA).
